TEACHER TRAINING POLICY

Teachers Training Policy at the institute is prepared using guidelines given by UGC & AICTE and considering practical scenario in Un aided Professional Technical institutes.

The training need of teachers in their career can be classified under two distinct categories of the training program:

- ✓ Faculty Induction Program to be provided just after joining the institute.
- ✓ In-service training program for specific requirements at various levels of the career.

Objectives

- ✓ To identify the training needs at different levels of career and for different categories of teachers, considering the expectations from a good teacher and technical educations scenario.
- ✓ To prescribe the structure and contents of the training program at different levels
- ✓ To monitor, facilitate and successively imp industry, institutions, government agencies and NGOs.
- ✓ To improve the quality of training through suitable resource persons and resource material.
- ✓ Continuous updating of technical subject expertise by successful completion of at least one subject course offered through technology-based means every year.
- ✓ To know latest trends in technology through Industry Institute Interaction.
- ✓ To develop healthy, technology oriented academic and research culture in the institute which will be eventually percolated upto students.

Faculty Induction Program

- ✓ Faculty induction programme (FIP) has to be implemented just after recruitment of fresh teachers.
- ✓ The faculty has to keep well-informed with the latest curriculum in his subject.
- ✓ New faculty members are trained to develop the art of preparing a systematic lesson plan and effective classroom interaction developing competence in communication skill in various models relevant to technical problems.

- ✓ Industrial exposure and training to bridge the gap between academia and industry.
- ✓ Effective interaction with monitoring and collaborating agencies
- ✓ Facilitating a value-based ethical environment in the institution
- ✓ Handling of disciplinary issues
- ✓ Liaison with governmental monitoring/ regulatory bodies

Expected Outcome from the Proposed Training Program

- ✓ It is strongly believed and expected that the Comprehensive Training Program as envisaged in this policy document if properly implemented, will go a long way in improving the quality of technical education in the country.
- ✓ The institutional environment, discipline and motivation of students/ teachers will also boost up, thus improving the quality of teaching-learning processes.
- ✓ The grooming in professional skills, values and attitudes will have a profound impact on shaping up the young minds and transforming them into socially responsible technical professionals.
- ✓ Organization of continuous in-service training programs will help the teachers to keep themselves abreast with the latest developments and also correlate their teaching to the prevailing practice and indigenous development as per the needs of the country.
- ✓ It will also promote a culture of continuous learning from the seniors and ensure a cohesive teamwork within the department as well as institutions.
- ✓ A major area of student-teacher interaction outside the classroom, which is presently conspicuous by its absence will also develop, enabling proper mentoring, counselling and healthy personality development among the students.
